

## ROLFE, James (1848-1930s)

Penticton Museum Archives

All the information found below has come from the Penticton Museum. They have no idea where the things came from but we are delighted to compile at least a little bit of James Rolfe's life.

Jim was born in January 1848. There is proof of this on a discharge document from the Mercantile Marine Office, dated December 8, 1874 signed by Thomas B Dexter (master). He entered the Mercantile Marines from St John NB and was discharged in Dec. 1874. The document names the ship as the schooner *Wm Starrat*, from Windsor -tonnage 194 and the description was 'coasting'.

There seems to be no further information until a letter arrives in Naramata from his wife, Alice, dated June 22, 1902. It was sent from Mrs. Rolfe to 'Mr James H Rolfe, Columbia, BC' from Westbrook, NS:

*Westbrook*

*June 22, 1902*

*My dear beloved husband,*

*It is with pleasure I sit down to try to write you a few lines to let you know the children and I are well and hoping these few lines will find you enjoying good health.*

*There is no school now, for the teacher's sister is dead and she went home. \_\_\_\_\_ can't write this time for this is all the paper I have until I can get some more. I tell you I am lonesome without you. I think the time long waiting to get word to go out west some days. I will never go but time will tell. I can't stay here much longer for there is to(o) many her(e). Jesse has 4 boarders so we are pretty well crowded.*

*I haven't heard from Jeannie since I wrote before but I don't believe she will ever be any better. I heard there is more cases of small pox in Parsboro. Mother is up to Elleattus? today. She is getting better and the children think a long time waiting for the \_\_\_\_\_ but they will be tired before they get there. I dread the journey, it is so far with five children. I will be glad when we get settled down for Lord it is so lonesome living this way. It don't seem that living this way at all does it(?) for it will soon be 8 years since you went away. I haven't any news to write. Write as soon as you get this and tell me all the news. I close with love and good wishes from the children and me from your absent but ever-loving wife, Alice Rolfe to my Dear Beloved Husband, James Rolfe.*

In 1909 he received a notice of Assessment showing that his parcel of land was 1247 and the lot was 11 of lot 2711-284 and a half acres. The assessed value was \$750 and the tax was \$4.50. It also shows that he was in arrears, owing \$12.00 to be paid immediately together with a 6% interest.

*My Dear Friend,*

*Mr David Good and Mr John Clarnee (?) have both asked me re you moving back into the Hayward House and I have told them that you may do so.*

*All I ask is that you pay the taxes and take the same care of the property as before and you may have all the fruit for yourself.*

*The irrigation tax is I think payable in Naramata. Land and School tax is I think payable per year the total being \$3.60*

*So if you can see your way clear to pay this amount per year you are at liberty to move in there and stay until such time as I am able to dispose of the property. Mr Dan McKay has no authority to keep you out. NONE WHATEVER. Move right in if you wish*
