Working on your family tree?

Museum Archives:

The Naramata Museum has a collection of information on many local families. Your first stop should be to inquire about what is presently available. Booking an appointment and bringing a thumb drive with you is the best way to 'take it with you'. Digital information is provided for free. However, there is a cost for digital files of the photographs in our collection: $20 each for non-commercial use.

Genealogy Sites:

Another area to search is the free genealogy sites available:

https://www.wikitree.com/

https://www.familysearch.org/en/canada/

Historical Collections:

UBC currently offers access to archival collections from many area museums as well as newspapers

https://bcrdh.ca/

Area Cemeteries:
